MARIN ACUPUNCTURE CLINIC

Informed Consent & Disclosure

I, the undersigned, understand that methods of treatment used in this practice may include, but are not limited to, acupuncture, herbal medicine, moxibustion, cupping, electrical stimulation, medical qigong, massage, gua sha, heat therapy, ear seeds, dietary advice, qigong exercise prescriptions, and lifestyle counseling.

I understand that these therapies are safe methods of treatment. As with all medical procedures, they involve potential but unlikely risks. Such uncommon risks include temporary bruising, swelling, bleeding, numbness and tingling, and soreness at the needling site that may last a few days. Very, very unusual risks of acupuncture include dizziness, fainting, nerve damage, or pneumothorax. Infection is possible but highly unlikely (we've never witnessed this), as the clinic uses alcohol, sterile disposable needles, and a safe and clean environment. A burn is a possible but extremely rare side effect of moxibustion. Temporary bruising (not painful) or redness lasting a few days is a common side effect of cupping and gua sha. I fully understand that there is no implied or stated guarantee of the success or effectiveness of a specific treatment or series of treatments. I also understand that certain social habits and medications may decrease the beneficial effects of Chinese medical treatment. These include the use and abuse of alcohol, pain killers, steroids, narcotics, tobacco, anti-depressants, and illegal drugs.

Acupuncture is a natural medicine that works with the body's ability to heal itself, but is not a substitute for conventional medical diagnosis and treatment. The results of acupuncture are not always felt immediately, especially with chronic conditions. Regular treatment and completing the prescribed treatment plan are what give acupuncture and herbs the best results.

I will notify the acupuncturist should I become pregnant or if I am in the process of trying to get pregnant.

I understand that herbal and nutritional supplements recommended to me by my acupuncturist are safe in the recommended doses. Large doses of herbs taken without my practitioner's recommendation may be toxic, and some herbs are inappropriate during pregnancy. Some possible but rare side effects of herbs are nausea, gas, stomachache, vomiting, headache, diarrhea, and hives. I understand that I must stop taking any herbs and notify my acupuncturist if I experience any discomfort or adverse reactions.

I understand that I can discuss risks and benefits further with my practitioner before signing if I so choose. However, I do not expect my practitioner to be able to anticipate and explain all possible risks and complications of treatment. I rely on the practitioner to exercise her judgment in my best interest during the course of treatment, based upon the facts then known.

In signing this form, I acknowledge any inherent risks, and give my consent for treatment, payment and healthcare operations received, incurred or carried out at this practice. I also certify that I have informed my acupuncturist of all known physical, mental and medical conditions and medications, and I will keep her updated on any changes.

Marin Acupuncture Clinic Fee Schedule

Welcome to our office! The information below is provided to make you aware that our fees are different if you are a cash paying patient versus if you have insurance, a personal injury (auto accident) or worker's compensation case.

Insurance Patients: You will be responsible for payment of any deductibles or co-pays not covered by your insurance provider (the amount of these costs varies). Please note that we usually charge insurance companies between \$150-450 per visit, dependent on the therapies performed in conjunction with the acupuncture, such as: manual therapy (massage), infrared, e-stim, moxibustion, therapeutic exercises, etc. Charges are often higher for new patient visits or re-evaluations of your case. We rarely receive what we bill since all charges are reviewed and reduced by insurance companies. When you receive your explanation of billing (EOB) from your insurance company, it may tell you that you owe Marin Acupuncture Clinic the difference between what we charged for your visit and what your insurance actually paid. This is not necessarily the case. We will inform you if we will need to collect this balance or a portion of it (we usually do not).

There may be times when our billing service is mis-quoted information and payment is not made as initially described by your insurance. These additional amounts are your responsibility and we will do our best to keep you apprised of any information regarding your benefits if they should change. Feel free to contact our billing service any time if you have questions about billing your insurance for acupuncture: (530) 865-8727.

Cash Patients: Currently our cash rate for a new patient visit (thorough exam, treatment, and plan) is \$188 and follow-up acupuncture visits are \$108. For Fertility Patients, the initial visit is \$208 since we incur more training for reproductive medicine. If your case requires more time than what is customarily allotted for a new patient or follow-up visit, each additional 30 minutes is \$58.

These fees are called "point of service fees" as they are paid at the time services are delivered. Understand that this is also a discounted fee because it does not involve the administration and processing of insurance, and because we know most people are unable to pay our regular fees that we bill insurance companies. Since this is a discounted rate off of our usual fees, if, at any time, you have any other coverage either through insurance, an auto accident, or worker's compensation claim, please notify our office immediately so that we can make efforts to receive our regular rates. We have a few sliding-scale spots available in our practice and are reserved for those with financial hardship/low-income that display a strong commitment to improving their health.

Worker's Compensation (injury on the job) and Personal Injury (car accident) Cases: Patients are not usually responsible for any costs associated with a worker's comp or personal injury claim with the exception of herbs/supplements. Please speak directly with our billing service about your case and provide your adjuster's information. The fees charged are our standard rates for third-party payers, which are dependent on the therapies you receive with your treatment. If for any reason we are denied payment, you will be responsible for payment on the account (a plan that works with your budget can be devised).

All fees charged at Marin Acupuncture Clinic are reasonable and in keeping with industry standards.

Other Services:

- Herbal and Dietary consultations (includes a prescription for an herbal formula or specific dietary program); 20 minutes for \$58.
- Labor Induction Treatment: \$128.
- House-calls for hospice, labor, post-partum or surgical recovery, or for those who are unable to travel to us; \$100 for up to 30-minutes of travel (to and from location) or \$200 for up to 60 minutes of travel plus our regular hourly rate.

Herbal and Nutritional Supplements are NOT covered by insurance or third party payers and must be paid at the time these items are received.

I have read and understood the fees charged at Marin Acupuncture Clinic.
